**FLU VACCINE**

Is the flu vaccine for you? The seasonal flu vaccine is strongly recommended for all aged 65 years and older, adults and children over 6 months old with any of the following: chronic illness requiring regular follow-up, those who are on immune suppressed due to disease or treatment, children and teenagers on long-term aspirin therapy, children with any condition that can compromise respiratory function especially those attending special schools/day centres. Those with Body Mass Index (BMI) over 40, residents of nursing homes, old people's homes and other long stay facilities, healthcare staff, carers, pregnant women, people who close regular contact with pigs, poultry or water fowl. The vaccine is provided free to all the above at risk groups. You need to get the flu vaccine every year as its effect only lasts for up to 12 months. Contact the local Dr for more information.
